Latest Technology in Ceramic Tile Cleaning

Cleans Tile and Grout Like Never Before!

By Steve D'Aquila owner Action Cleaning Systems Inc. 630-654-2084

Tired of dirty grout? Tired of not being able to get your floor super clean with a mop and a bucket? Wish you could find someone that could really get your grout clean? To get your tile & grout squeaky clean use our new Ceramic Tile Cleaning & Sealing System.

New technology allows us to use truck-mounted hot water extraction system on your tile and grout that will get maximum soil removal and maximum stain removal without leaving any sticky residues behind. Our top quality cleaning products will go to work on your floor, then, our truck-mounted hot water extraction rinsing will whisk away the dissolved dirt, grease, and spots!

The old days of mops and tooth brushes are gone forever!!! The HOT water (200°+) flushes out more dirt than a mop and bucket ever could, and there's no more worries about the sticky dirt attracting residue that a mop leaves behind. Our new technology allows us to clean your tile & grout with highly pressurized hot water with complete control and removal for The Most Thorough Clean Ever!!!!

YOUR TILE CAN LOOK LIKE THIS
